OUR STORY

It all started in 2021 with a blank page and a bold business plan—a name, a dream, and a logo. By 2022, at just 18 years old, we took the risk and bought an Airstream. That's when Wing It was born. We hit the road with no plan, just passion, serving wings at local events and in open fields. In 2023, we leveled up with weddings, pub takeovers, and our first big festivals—some with over a thousand hungry guests. A new menu dropped, we brought on staff, and our hashtags started flying: #JustWingIt and #WingItDoltBest.

By 2024, the queues were longer, the events were bigger, and the dreams were growing faster than ever. Our Instagram caught fire, and so did the buzz. Then, in 2025, we opened the doors to our first restaurant. Suddenly, people were asking, “Where are you popping up next?” The grind got real, the growing pains kicked in—but we wouldn't have it any other way.

We hope you enjoy your visit, and we hope to see ya'll AGAIN SOON!
 Fred, Lorcan & The Wing It Team.
